Aloha Dr. Wallace and HHS Rams team ~

I am the class president of the most wonderful and talented Class of 1975. You may remember my father, Bob Goold, who served as HHS principal for many years during his career, as well as my mother, Trea Goold, who served as an elementary teacher and district administrator of Head Start and Follow Through programs. My mother passed unfortunately in 2015. My father is doing well and currently living in Arizona. Misses all of you and Pocatello deeply.

I must report to you the possible theft of Class of 1975 funds by former reunion chair Ann Jesse Driever. Our volunteer treasurers, Roy and Cheryl Allen, reported to me that they transferred the sum of \$1,525.98 to Ann when she served as committee chair of reunions.

Ann has stepped down and now refuses to immediately transfer these funds to me. I am currently leading the committee in preparation for our upcoming 50th Reunion to be held tentatively late July / August 2025. We want the 50th to be an epic event. However, our current plan is to hold an online vote to allow classmates to decide specifics on the agenda.

Most importantly, I would like to begin a "Rebuild D Building Fund" as part of our efforts, and challenge other classes to join with us. As class president 1975, we created a Spirit Board to raise money for our class and school. We donated the board to subsequent classes. In this continued love and spirit, due to the dedication from teachers, administrators and staff to each of us as students, we would like to continue our effort to "give back" to Highland High School in this time of need.

I would appreciate hearing from you. I seek your advise about how to go about retrieving our classmate funds. We prefer not to solicit legal action from an attorney or Pocatello Police Department, and hope your wise leadership can provide some guidance.

Please give my deepest aloha to my childhood friend and neighbor, Travis Bell. What an inspiration his family was to me during my adventures and pursuits in Pocatello. Look forward to seeing you all next summer.

In deepest gratitude and aloha,

Scott Goold
