

## Class President Scott Goold Conversation with Laura Egbert

June 2, 2024

Conversation began:

**Scott to Laura (5.25.24):** “Love to hear your thoughts”

**Laura to Scott:** “Oh, Geez Scott!!!! My thoughts do NOT matter to you.....never have. You don’t even know who I am. This is NOT a political platform for you to push your own agenda. Give up the crap and let those who want to have a peaceful, friendly reunion to visit and catch up with old friends. What gives with you, Scott and this power trip you are on all of a sudden??? If you want to be the all powerful.....Move to OZ!! Very immature of you. Not impressed!!! Laura Egbert.”

**Scott to Laura:** “Actually I know who you are but it’s been a few years.

[Scott quoting from Laura] “Give up the crap and let those who want to have a peaceful, friendly reunion to visit and catch up with old friends.”

Previous committee wanted the same format at the 40th. I objected and asked to do more for the 50th. Simply asked for a vote. Previous committee denied my request. They want Friday Meet & Greet; Saturday dinner; play some golf.

I live in Hawai’i. People come here to MAKE a MEMORY. I proposed an enlarged reunion format where we ALL could make a memory for our 50th.

Now, why do you oppose making a memory? You claim I’m on a “power trip.” I get NO power from this action. I seek no power. You said it correctly, “to visit and catch up with old friends.”

You all consider yourself to be old. I consider myself and others to be young. We will live some 30 more years. Some classmates have gotten OLD. Hope you haven’t. You sure have a lot of hatred in your heart. That’s not the Laura I remember.”

**Laura to Scott:** Give it up Scott.....you don’t know me or what is in my heart. It likes to stay free of bull crap and I don’t need any more of yours. Enough of your comments.”
