

REUNION COMMITTEE 50

HHS RAMS CLASS OF 1975

June.23.2024

VOTING RESULTS: Females, Fireworks and HHS 50th

Aloha HHS Rams classmates ~

Historic vote. Unanimous support for “privilege with responsible” leadership. NOBODY supported Ann, Jeff and Susan’s lack of responsibility. In 50 years, our collective values have not changed. Spoke with classmate Kevin England, mayor of Chubbuck. Similar to me, he does not attend reunions. Format is not inviting. We sought to change this tradition.

Class of 1975 was privileged. We were fortunate to have outstanding teachers and competent administrators. My father became HHS principal shortly after we graduated. I was privileged to learn facts about our class most of you never heard.

We were one of the largest classes in HHS history. We excelled in virtually every category of academic, athletic and social activity. Most of you don’t know ... we also excelled financially. As your Class President, we rallied to PAY 100% for dances, activities, graduation and ceremonies, and senior parties. Most importantly, we created a Nest Egg for reunions.

Bob Brown was student body president. When speaking with Bob in April, I honored his legacy. We ran against each other as juniors. Bob won. Hurt my ego! (LOL) However, watched Bob closely the next year. He was far better than me as school representative — sharp dresser, eloquent and refined.

You elected me to serve as class president. I was better than Bob in that role. Why? Watch my movie: Napoleon Dynamite. Yep, that’s me: goofy, odd kid — vote for Pedro! (LOL) I enjoyed painting posters; hanging crepe paper for dances; organizing class parties. You got it right. You put the BEST people in the RIGHT positions. Class of 1975 thrived. You also got the vote right this week. We enjoy privilege; you demand responsibility.

As we approached our Five Year reunion 1980, I headed out of USA to play pro ball. Passed our Nest Egg funds to Suzanne Price. She and Roy Allen were awesome leaders ... responsible with our money. Total is less than \$1600, but represents our collective hard work 50 years ago.

In 1975, Bob was busy with school duties. Ann Jesse Driever, Jeff Waldron, Susan Mattivi-Gierga and Kathie William Chase did not participate energetically with fund raising. Susan admits she did not participate much at all. I’m a medical cannabis patient; do not shame people who use cannabis, but Susan got high before class. Cannabis is a depressant, and she slept through most classes. Susan never learned our culture. Apparently Ann, Jeff and Kathie did not either.

Their working committee resigned May 22, 2024. Jeff informed me next day and I picked up the torch. For some reason, Ann now steals the Class of 1975 funds we worked hard to build; Jeff steals Class of 75 Facebook page created by Suzanne; and Susan refuses to share classmate information. Why the hostility, insecurity and fear?

The committee asked me to develop a website. Took some 60+ hours, but I did. They refused to use it. Jeff promised to pass the Facebook page; continues to refuse. Jeff posted information today about a classmate who passed. Jeff is obsessed with death. We sought to use the Class of 1975 page for those who are living.

Had Bob, Jeff, Ann, Susan and Kathie cooperated with me, we would have completed the process of locating classmates and voting on reunion format. They do not understand how to use the power of the Internet. Bob asked me not to have two efforts. Bob leads two efforts.

Let me be clear — any group of classmates is free to host a party or reunion anytime. Go for it! However, Bob, Jeff, Ann, Susan and Kathie do not have the RIGHT to use Class of 1975 funds or our Facebook page. I am stunned Susan and others refuse to share classmate contact information. They are “mean girls and boys” — elitists who exclude others. They were also that way in high school; apparently never grew out of this childish immaturity.

Some ask why I’m harsh criticizing these Bad News Bears. Always fought for our class. They have stolen our funds, assets and refuse to cooperate with other classmates. Shameful !!! Not HHS Rams attitude or culture. No respect for such people.

I will now repurpose the Class of 1975 website to focus on our positive history and future. Will create a Wall of Shame to immortalize this infamous behavior and those who tarnished Class of 1975 reputation. Reunion 50 could have been a delightful, fun and memorable event. The Bad News Bears brought darkness to our class — similar as the fire did to D Building. Theft, division, obstruction and exclusion — these are NOT values of the Class of 1975 — not in 1975; not today.
